

INTERNSHIP HEALTHCARE AND -TECH INVESTMENT CONSULTING – MUNICH

ISP HEALTHCARE is a Munich based consulting boutique focused on investor strategy and advice in healthcare, life sciences, medtech and digital health.

Founded by former top-tier consultants we are partners to some of the most successful European investors and perform science-based assessment and strategic development projects for European healthcare and life science players. Driven by an entrepreneurial mindset, we also contribute with our own investments in this space.

We are looking for highly motivated Interns.

Your responsibilities

- As an intern you will join the team, working on commercial due diligence and value creation projects in the DACH region and beyond (e.g., for healthcare providers, pharma or medtech companies)
- Contributing to market related tasks e.g., review and identification of relevant market and industry trends and market modeling
- Support on comprehensive company and competition analysis
- Participating in interviews with leading market experts
- Developing a deep understanding of the business and the industry by performing a broad range of quantitative and qualitative analyses

What we are looking for:

In addition to outstanding academic achievement, we are looking for a sense of intellectual curiosity that will lead you to develop a deep understanding of any investor situation, and to generate well-structured and valuable answers to complex questions. We want people with the ability to think in logically structured ways, paired with creativity, to look beyond the obvious.

Your Profile

- Currently enrolled in graduate program or recently completed undergraduate program in business, medicine, or sciences
- Strong interest in the healthcare, health-tech, and life sciences sectors, with a focus on working alongside top-tier investors
- Prior experience in strategy consulting, investment banking, venture capital, private equity, the start-up industry, or relevant healthcare/life sciences industry
- High academic success (top 15% of class)
- Entrepreneurial personality with a high degree of self-initiative
- Excellent communication skills, with ability to explain complex ideas clearly
- Language skills: Fluency in English and German (C1)
- Strong MS Office skills (Excel, Word, PowerPoint)

What we are offering

- A steep learning curve in a dynamic consulting environment with an attractive career trajectory
- Insights into the most exciting field of life science and healthcare
- First-hand experience in working for global mid/large cap private capital investors
- Learning from an experienced and collaborative team with flat hierarchies
- Working in a modern office in the Munich city center close to Marienplatz
- Frequent events such as team dinners or sports activities and employee benefits (e.g., EGYM Wellpass)

Starting dates: We offer internships throughout the year.

Location: Munich

Application Process

Please send us your CV, motivation, all relevant school/university transcripts, and employee testimonials: recruiting@isp-healthcare.com

We will come back to you within 3 - 5 working days.
